

FLDI and Members Insurance Announce 50th Credit Union Customer.

AUSTIN, Texas, June 1, 2005 - First Lenders Data, Inc. (FLDI) , an Austin, Texas-based provider of bundled settlement service solutions to the mortgage lending industry and Marlborough, Mass.-based Members Insurance Agency, LLC, an insurance solution provider owned by the Massachusetts, New Hampshire and Rhode Island Credit Union Leagues, recently announced Leominster Credit Union (Leominster, Mass.) is the 50 th credit union to begin using MemberClose , a licensed version of FLDI's bundled services platform.

FLDI and Members Insurance formed a strategic alliance in May 2004 to provide FLDI's products and services through MemberClose to customers such as Leominster Credit Union. The credit union has access to a variety of services, which include production of credit reports, flood zone determinations, automated valuation models (AVMs), lien reports, doc prep, title reports, closing and recording services.

"MemberClose enables us to be more competitive in the home equity marketplace," said Gordon Edmonds, Senior Vice President of Lending at Leominster CU. "Using the platform, we are able to pick and choose the mortgage services that best fit our needs and help us provide a wider variety of cost-effective services to our members."

"Since January, the number of credit unions using MemberClose has increased by approximately 80 percent ," said Robert F. Delaney, COO of Members Insurance Agency. "By creating a strategic alliance with FLDI, we are able to provide credit unions with a technology solution that streamlines the home equity lending process, saving them time and money."

FLDI offers bundled services through alliance partners such as Members Insurance to provide a cost-effective vendor management solution for lenders to better manage the origination process and enable users to select the best technology to meet their own individual needs. Users can integrate through their front-end origination systems and select a variety of technology

options that include credit reports, automated valuations models (AVMs), conventional appraisals, flood certifications, property reports, legal and vesting reports, mortgage loan reports, title services, closing services, recording services and income verification.

"FLDI has been able to offer customers such as Members Insurance the ability to consolidate vendor management and enhance the quality and variety of services," said Tedd Smith, CEO of FLDI. "Members Insurance's credit union customers, such as Leominster Credit Union, then leverage these services into a competitive edge."
